Branding

MONSHAAT BRAND IDENTITY

A company specialized in managing and maintaining private buildings for companies, public places and private facilities, and providing all logistical services to those companies

Branding Applications

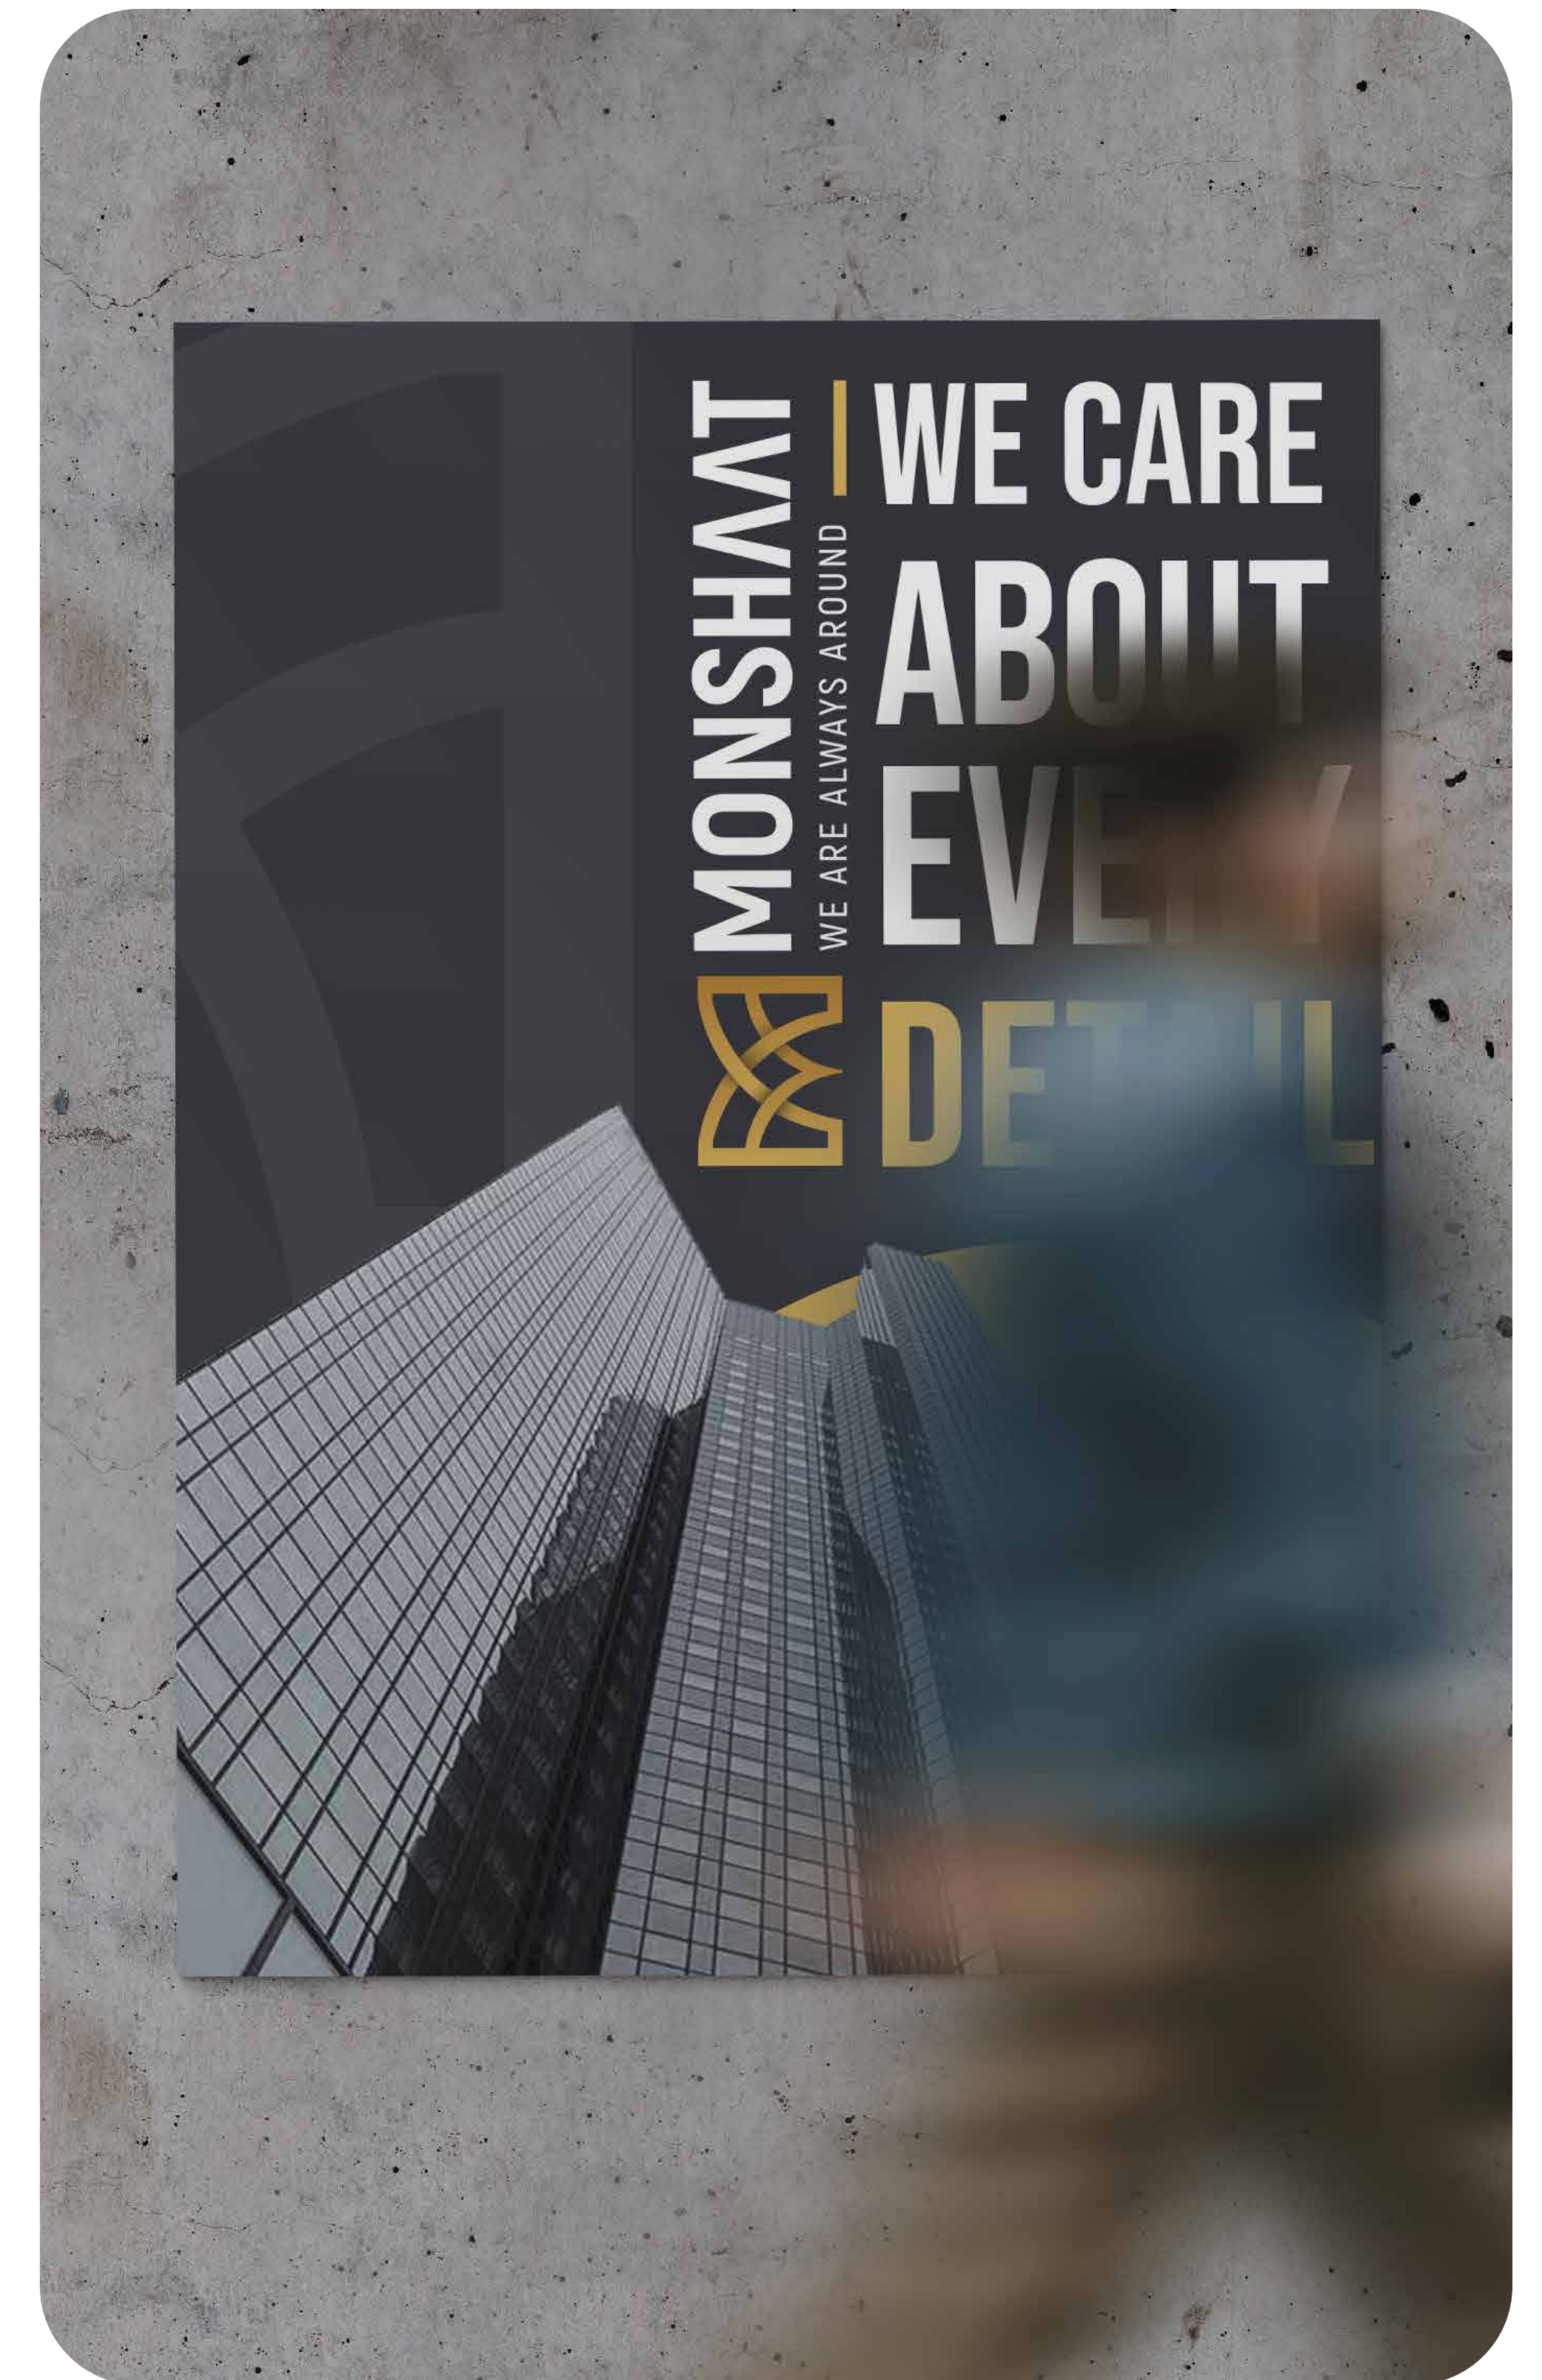

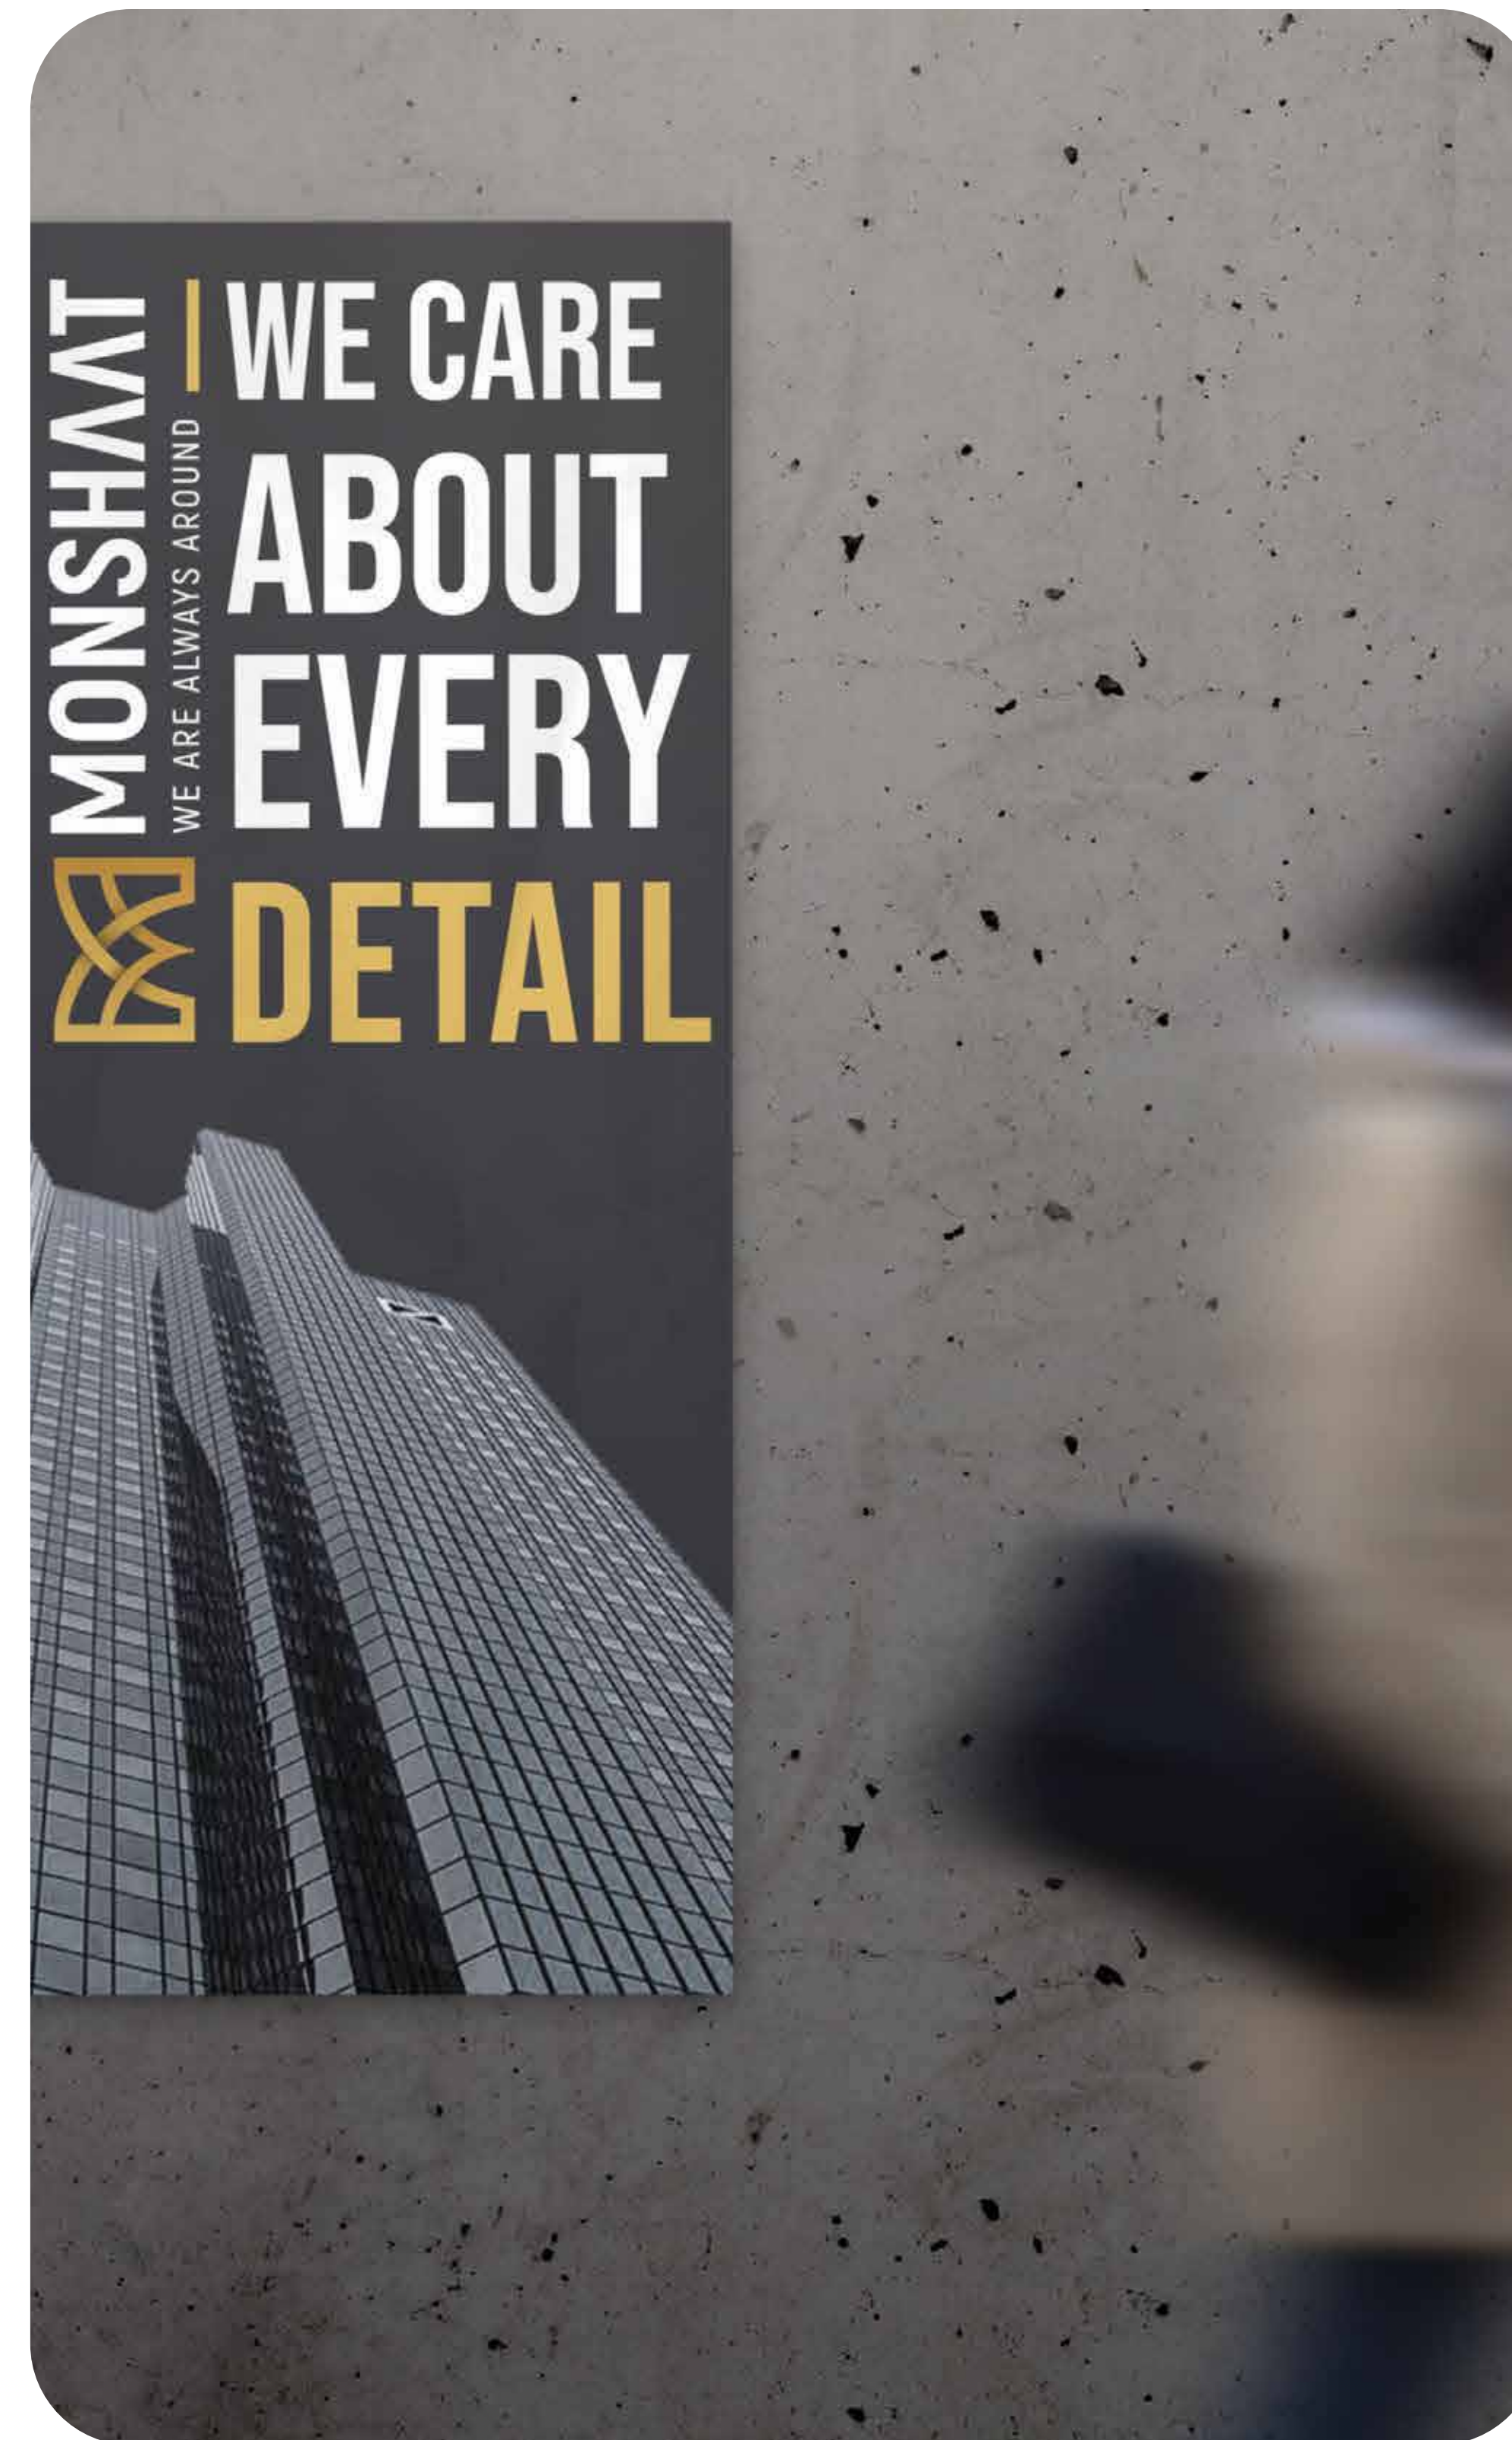

Logo composition

The letter (M) from the word "Munshaat" was utilized in the design, and it was transformed into a number of (arches) to represent both the company's engineering work in terms of meticulously maintaining corporate buildings and the region's heritage buildings.

UI/UX DESIGN OF THE TRX CARRENTAL WEBSITE

What I did at TRX car rental site:

Designing the logo, choosing the color scheme, working on searching engine technologies, installing the filter system and choosing the best way to display cars on the site.

Along with creating social media accounts for the company and designing their own identity
